22 **SEC. 102. STATE PLANS.**

23 (a) PLAN REQUIREMENTS.—In order to be approved

3 (1) STATE MAINTENANCE OF EFFORT.—

4 (A) IN GENERAL.—A State plan under this  
 5 title shall provide that the State will, during  
 6 any fiscal year that the State is furnishing serv-  
 7 ices under this title, make expenditures of State

 24 estimated percentage change in the  
 25 index described in clause (iii) during

1 the period beginning on October 1,  
2 1997, and ending at that midpoint;  
3 and

4 (II) for succeeding fiscal years,

11 month period ending at that midpoint,  
12 with appropriate adjustments to re-

15          sion of assistance to individuals who wish to  
16          apply but whose disability limits their ability to

12 tween urban and rural areas).

13 (ii) INSTITUTIONAL SETTING.—The  
14 plan may limit the eligibility of individuals  
15 with disabilities based on the definition of

18 (D) CONTINUATION OF SERVICES.—The  
19 plan must provide assurances that, in the case

22 State medicaid plan under title XIX of the So-  
23 cial Security Act (42 U.S.C. 1396 et seq.) as of  
24 the date a State’s plan is approved under this  
25 title, the State will continue to make available

(either under this plan, under the State medic-  
aid plan, or otherwise) to such individual an ap-  
propriate level of assistance for home and com-  
munity-based services, taking into account the  
level of assistance provided as of such date and

7 CARE.—A State plan may take into account, in  
8 determining the amount and array of services

10 who are provided home and commu-  
11 nity-based services either under the  
12 plan, under the State medicaid plan,  
13 or under both, is not less than

14 (II) the proportion of the popu-  
15 lation of the State that represents in-  
16 dividuals who are low-income individ-  
17 uals.

18 (E) LIMITATION ON LICENSURE OR CER-  
19 TIFICATION.—The State may not subject  
20 consumer-directed providers of personal assist-

7 the plan. Such methods may include retrospec-  
8 tive reimbursement on a fee-for-service basis,  
9 prepayment on a capitation basis, payment by

19 the State, the State has determined

2                   area; and

3                   (II) the State plan specifies pro-

16                  of the State, the State has determined  
17                  there is an insufficient pool of entities will-  
18                  ing to develop individualized plans of care  
19                  in such area due to a low population of in-  
20                  dividuals eligible for home and community-  
21                  based services under this title residing in  
22                  the area, and the State plan specifies pro-

21 condition).

22 The State shall make reasonable efforts to  
23 identify and arrange for services described  
24 in subclause (II). Nothing in this sub-

 3 a plan.

4 (C) INVOLVEMENT OF INDIVIDUALS.—The  
 5 individualized plan of care under subparagraph

 11                  low population of individuals eligible for  
 12                  home and community-based services under  
 13                  this title residing in such area; and

14                   (ii) the State plan specifies procedures

 20               based on a report filed by the State containing its  
 21               estimate of the total sum to be expended in such  
 22               quarter, and such other information as the Secretary  
 23               may find necessary.

24               (2) From the allotment available therefore, the  
 25               Secretary shall provide for payment of the amount

1 so estimated, reduced or increased, as the case may  
 2 be, by any sum (not previously adjusted under this

19          would have been made under title XIX of the  
20          Social Security Act (42 U.S.C. 1396 et seq.)  
21          during such fiscal year but for the provision of

2       U.S.C. 1396b(a)).

3           (4) REALLOCATIONS.—Any amounts allotted to  
4       States under this subsection for a year that are not

9       (a) FINDINGS.—Congress finds that—

10           (1) demonstration programs and projects have  
11       been developed to offer care management to hos-  
12       pitalized individuals awaiting discharge who are in  
13       need of long-term health care services that meet in-  
14       dividual needs and preferences in home and commu-

17           (2) there is a need to disseminate information  
18       and technical assistance to hospitals and State and  
19       local community organizations regarding such pro-  
20       grams and projects and to provide incentive grants  
21       to State and local public and private agencies, in-

23       pand programs that offer care management to indi-  
24       viduals awaiting discharge from acute care hospitals  
25       who are in need of long-term care so that services

 2 ranged in home and community-based settings as an  
 3 alternative to long-term placement in nursing homes  
 4 or other institutional settings.

 20 and materials as may assist such entities in replicating  
 21 successful programs that are aimed at offering care man-  
 22 agement to hospitalized individuals who are in need of  
 23 long-term care so that services to meet individual needs

 19 at the nursing facility during a particular month.

20           (3) ALLOWABLE COSTS.—The term “allowable  
 21 costs” means costs which HCFA has determined to

 24 referred to as “HCFA-Pub. 15”).

1           (4) BASE YEAR.—The term “base year” means  
2           the most recent cost reporting period (consisting of  
3           a period which is 12 months in length, except for fa-  
4           cilities with new owners, in which case the period is  
5           not less than 4 months and not more than 13  
6           months) for which cost data of nursing facilities is  
7           available to be used for the determination of a pro-  
8           spective rate.

9           (5) CASE MIX WEIGHT.—The term “case mix  
10          weight” means the total case mix score of a facility  
11          calculated by multiplying the resident days in each  
12          resident class by the relative weight assigned to each  
13          resident class, and summing the resulting products  
14          across all resident classes.

15          (6) COMPLEX MEDICAL EQUIPMENT.—The term  
16          “complex medical equipment” means items such as  
17          ventilators, intermittent positive pressure breathing  
18          machines, nebulizers, suction pumps, continuous  
19          positive airway pressure devices, and bead beds such  
20          as air fluidized beds.

21          (7) DISTINCT PART NURSING FACILITY.—The  
22          term “distinct part nursing facility” means an insti-  
23          tution which has a distinct part that is certified  
24          under title XVIII of the Social Security Act (42  
25          U.S.C. 1395 et seq.) and meets the requirements of

1 section 201.1 of the Skilled Nursing Facility Manual  
2 published by HCFA (in this title referred to as  
3 “HCFA-Pub. 12”).

4 (8) EFFICIENCY INCENTIVE.—The term “effi-  
5 ciency incentive” means a payment made to a nurs-  
6 ing facility in recognition of incurring costs below a  
7 prespecified level.

8 (9) FIXED EQUIPMENT.—The term “fixed  
9 equipment” means equipment which meets the defi-  
10 nition of building equipment in section 104.3 of  
11 HCFA-Pub. 15, including attachments to buildings  
12 such as wiring, electrical fixtures, plumbing, ele-  
13 vators, heating systems, and air conditioning sys-  
14 tems.

15 (10) GEOGRAPHIC CEILING.—The term “geo-  
16 graphic ceiling” means a limitation on payments in  
17 any given cost center for nursing facilities in 1 of no  
18 fewer than 8 geographic regions, further subdivided  
19 into rural and urban areas, as designated by the  
20 Secretary.

21 (11) HCFA.—The term “HCFA” means the  
22 Health Care Financing Administration.

23 (12) HEAVY CARE.—The term “heavy care”  
24 means an exceptionally high level of care which the

1 Secretary has determined is required for residents in  
2 certain resident classes.

3 (13) INDEXED FORWARD.—The term “indexed  
4 forward” means an adjustment made to a per diem  
5 rate to account for cost increases due to inflation or  
6 other factors during an intervening period following  
7 the base year and projecting such cost increases for  
8 a future period in which the rate applies. Indexing  
9 forward under this title shall be determined from the  
10 midpoint of the base year to the midpoint of the rate  
11 year.

12 (14) MDS.—The term “MDS” means a resi-  
13 dent assessment instrument, currently recognized by  
14 HCFA, any extensions to MDS, and any extensions  
15 to accommodate subacute care which contain an ap-  
16 propriate core of assessment items with definitions  
17 and coding categories needed to comprehensively as-  
18 sess a nursing facility resident.

19 (15) MAJOR MOVABLE EQUIPMENT.—The term  
20 “major movable equipment” means equipment that  
21 meets the definition of major movable equipment in  
22 section 104.4 of HCFA-Pub. 15.

23 (16) NURSING FACILITY.—The term “nursing  
24 facility” means an institution that meets the require-  
25 ments of a “skilled nursing facility” under section

1 1819(a) of the Social Security Act (42 U.S.C.  
2 1395i-3(a)) and of a “nursing facility” under sec-  
3 tion 1919(a) of that Act (42 U.S.C. 1396r(a)).

4 (17) PER BED LIMIT.—The term “per bed  
5 limit” means a per-bed ceiling on the fair asset value  
6 of a nursing facility for 1 of the geographic regions  
7 designated by the Secretary.

8 (18) PER DIEM RATE.—The term “per diem  
9 rate” refers to a rate of payment for the costs of  
10 covered services for a resident day.

11 (19) RELATIVE WEIGHT.—The term “relative  
12 weight” means the index of the value of the re-  
13 sources required for a given resident class relative to  
14 the value of resources of either a base resident class  
15 or the average of all the resident classes.

16 (20) R.S. MEANS INDEX.—The term “R.S.  
17 Means Index” means the index of the R. S. Means  
18 Company, Inc., specific to commercial or industrial  
19 institutionalized nursing facilities, that is based  
20 upon a survey of prices of common building mate-  
21 rials and wage rates for nursing facility construc-  
22 tion.

23 (21) REBASE.—The term “rebase” means the  
24 process of updating nursing facility cost data for a  
25 subsequent rate year using a more recent base year.

1           (22) RENTAL RATE.—The term “rental rate”  
 2           means a percentage that will be multiplied by the  
 3           fair asset value of property to determine the total  
 4           annual rental payment in lieu of property costs.

5           (23) RESIDENT CLASSIFICATION SYSTEM.—The  
 6           term “resident classification system” means a sys-  
 7           tem that categorizes residents into different resident  
 8           classes according to similarity of their assessed con-  
 9           dition and required services of the residents.

10          (24) RESIDENT DAY.—The term “resident day”  
 11          means the period of services for 1 resident, regard-  
 12          less of payment source, for 1 continuous 24 hours  
 13          of services. The day of admission of the resident  
 14          constitutes a resident day but the day of discharge  
 15          does not constitute a resident day. Bed hold days  
 16          are not to be considered resident days, and bed hold  
 17          day revenues are not to be offset.

18          (25) RESOURCE UTILIZATION GROUPS, VERSION  
 19          III.—The term “Resource Utilization Groups, Ver-  
 20          sion III” (in this title referred to as “RUG–III”) re-  
 21          fers to a category-based resident classification sys-  
 22          tem used to classify nursing facility residents into  
 23          mutually exclusive RUG–III groups. Residents in  
 24          each RUG–III group utilize similar quantities and  
 25          patterns of resources.

1           (26) SECRETARY.—The term “Secretary”  
2 means the Secretary of Health and Human Services.

3           (27) SUBACUTE CARE.—The term “subacute  
4 care” means comprehensive inpatient care designed  
5 for an individual that has an acute illness, injury, or  
6 exacerbation of a disease process. The care is goal  
7 oriented treatment rendered immediately after, or  
8 instead of, acute hospitalization to treat 1 or more  
9 specific active complex medical conditions or to ad-  
10 minister 1 or more technically complex treatments,  
11 in the context of a person’s underlying long-term  
12 conditions and overall situation. In most cases, the  
13 individual’s condition is such that the care does not  
14 depend heavily on high technology monitoring or  
15 complex diagnostic procedures. Subacute care re-  
16 quires the coordinated services of an interdiscipli-  
17 nary team including physicians, nurses, and other  
18 relevant professional disciplines, who are trained and  
19 knowledgeable to assess and manage these specific  
20 conditions and perform the necessary procedures.  
21 Subacute care is given as part of a specifically de-  
22 fined program, regardless of the site. Subacute care  
23 is generally more intensive than traditional nursing  
24 facility care and less than acute care. It requires fre-  
25 quent (daily to weekly) recurrent patient assessment

1       and review of the clinical course and treatment plan  
2       for a limited (several days to several months) time  
3       period, until the condition is stabilized or a predeter-  
4       mined treatment course is completed.

5   **SEC. 202. PAYMENT OBJECTIVES.**

6       Payment rates under the Prospective Payment Sys-  
7   tem for nursing facilities shall reflect the following objec-  
8   tives:

9           (1) To maintain an equitable and fair balance  
10       between cost containment and quality of care in  
11       nursing facilities.

12          (2) To encourage nursing facilities to admit  
13       residents without regard to such residents' source of  
14       payment.

15          (3) To provide an incentive to nursing facilities  
16       to admit and provide care to persons in need of com-  
17       paratively greater care, including those in need of  
18       subacute care.

19          (4) To maintain administrative simplicity, for  
20       both nursing facilities and the Secretary.

21          (5) To encourage investment in buildings and  
22       improvements to nursing facilities (capital forma-  
23       tion) as necessary to maintain quality and access.

1 **SEC. 203. POWERS AND DUTIES OF THE SECRETARY.**

2 (a) RULES AND REGULATIONS.—The Secretary shall  
 3 establish by regulation all rules and regulations necessary  
 4 for implementation of this title. The rates determined  
 5 under this title shall be determined in a budget neutral  
 6 manner and shall reflect the objectives described in section  
 7 202 of this title.

8 (b) FILING REQUIREMENTS.—The Secretary may re-  
 9 quire that each nursing facility file such data, statistics,  
 10 schedules, or information as required to enable the Sec-  
 11 retary to implement this title.

12 **SEC. 204. RELATIONSHIP TO TITLE XVIII OF THE SOCIAL**  
 13 **SECURITY ACT.**

14 (a) IN GENERAL.—No provision in this title shall re-  
 15 place, or otherwise affect, the skilled nursing facility bene-  
 16 fit under title XVIII of the Social Security Act (42 U.S.C.  
 17 1395 et seq.).

18 (b) PROVISIONS OF HCFA-15.—The provisions of  
 19 HCFA-Pub. 15 shall apply to the determination of allow-  
 20 able costs under this title except to the extent that such  
 21 provisions conflict with any other provision in this title.

22 **SEC. 205. ESTABLISHMENT OF RESIDENT CLASSIFICATION**  
 23 **SYSTEM.**

24 (a) IN GENERAL.—

25 (1) ESTABLISHMENT.—The Secretary shall es-  
 26 tablish a resident classification system which shall

1 group residents into classes according to similarity  
 2 of their assessed condition and required services.

3 (2) MODEL FOR SYSTEM.—The resident classi-  
 4 fication system shall be modelled after the RUG-III  
 5 system and all updated versions of that system, and  
 6 shall be expanded into subacute categories and costs  
 7 of care.

8 (3) REFLECTIVE OF CERTAIN TIME AND  
 9 COSTS.—The resident classification system shall re-  
 10 flect of the necessary professional and paraprofes-  
 11 sional nursing staff time and costs required to ad-  
 12 dress the care needs of nursing facility residents.

13 (b) RELATIVE WEIGHT FOR EACH RESIDENT  
 14 CLASS.—

15 (1) IN GENERAL.—The Secretary shall assign a  
 16 relative weight for each resident class based on the  
 17 relative value of the resources required for each resi-  
 18 dent class. If the Secretary determines it to be ap-  
 19 propriate, the assignment of relative weights for  
 20 resident classes shall be developed for each geo-  
 21 graphic region as determined in accordance with  
 22 subsection (c).

23 (2) UTILIZATION OF MDSS.—In assigning the  
 24 relative weights of the resident classes in a geo-  
 25 graphic region, the Secretary shall utilize informa-

1       tion derived from the most recent MDSs of all the  
2       nursing facilities in a geographic region.

3           (3) RECALIBRATED EVERY 3 YEARS.—Every 3  
4       years the Secretary shall recalibrate the relative  
5       weights of the resident classes in each geographic re-  
6       gion based on any changes in the cost or amount of  
7       resources required for the care of a resident in the  
8       resident class.

9       (c) GEOGRAPHIC REGIONS; PEER GROUPINGS.—

10           (1) GEOGRAPHIC REGIONS.—The Secretary  
11       shall designate at least 3 geographic regions for the  
12       total United States. Within each geographic region,  
13       the Secretary shall take appropriate account of vari-  
14       ations in cost between urban and rural areas.

15           (2) PEER GROUPING.—The Secretary shall en-  
16       sure that there are no peer grouping of nursing fa-  
17       cilities based on facility size or whether the nursing  
18       facilities are hospital-based or not.

19   **SEC. 206. COST CENTERS FOR NURSING FACILITY PAY-**  
20       **MENT.**

21       (a) PAYMENT RATES.—Consistent with the objectives  
22       described in section 202 of this title, the Secretary shall  
23       determine payment rates for nursing facilities using the  
24       following cost/service groupings:

1           (1) The nursing service cost center shall include  
2           salaries and wages for the Director of Nursing, qual-  
3           ity assurance nurses, registered nurses, licensed  
4           practical nurses, nurse aides (including wages relat-  
5           ed to initial and ongoing nurse aid training and  
6           other ongoing or periodic training costs incurred by  
7           nursing personnel), contract nursing, fringe benefits  
8           and payroll taxes associated therewith, medical  
9           records, and nursing supplies.

10          (2) The administrative and general cost center  
11          shall include all expenses (including salaries, bene-  
12          fits, and other costs) related to administration, plant  
13          operation, maintenance and repair, housekeeping, di-  
14          etary (excluding raw food), central services and sup-  
15          ply (excluding medical or nursing supplies), laundry,  
16          and social services, excluding overhead allocations to  
17          ancillary services.

18          (3) Ancillary services that are paid on a fee-for-  
19          service basis shall include physical therapy, occupa-  
20          tional therapy, speech therapy, respiratory therapy,  
21          and hyperalimentation. The fee-for-service ancillary  
22          service payments under part A of title XVIII of the  
23          Social Security Act (42 U.S.C. 1395 et seq.) shall  
24          not affect the reimbursement of ancillary services

1 under part B of title XVIII of that Act (42 U.S.C.  
2 1395j et seq.).

3 (4) The cost center for selected ancillary serv-  
4 ices and other costs shall include drugs, raw food,  
5 IV therapy, x-ray services, laboratory services, prop-  
6 erty tax, property insurance, and all other costs not  
7 included in the other 4 cost-of-service groupings.

8 (5) The property cost center shall include de-  
9 preciation on the buildings and fixed equipment,  
10 major movable equipment, motor vehicles, land im-  
11 provements, amortization of leasehold improvements,  
12 lease acquisition costs, capital leases, interest on  
13 capital indebtedness, mortgage interest, lease costs,  
14 and equipment rental expense.

15 (b) PER DIEM RATE.—The Secretary shall pay nurs-  
16 ing facilities a prospective, facility-specific, per diem rate  
17 based on the sum of the per diem rates established for  
18 the nursing service, administrative and general, and prop-  
19 erty cost centers.

20 (c) FACILITY-SPECIFIC PROSPECTIVE RATE.—The  
21 Secretary shall pay nursing facilities a facility-specific pro-  
22 spective rate for each unit of the fee-for-service ancillary  
23 services as determined in accordance with section 210 of  
24 this title.

1 (d) REIMBURSEMENT FOR SELECTIVE ANCILLARY  
 2 SERVICES.—Nursing facilities shall be reimbursed by the  
 3 Secretary for selected ancillary services and other costs on  
 4 a retrospective basis in accordance with section 211 of this  
 5 title.

6 **SEC. 207. RESIDENT ASSESSMENT.**

7 (a) IN GENERAL.—In order to be eligible for pay-  
 8 ments under this title, a nursing facility shall perform a  
 9 resident assessment in accordance with section 1819(b)(3)  
 10 of the Social Security Act (42 U.S.C. 1395i–3(b)(3)) with-  
 11 in 14 days of admission of the resident and at such other  
 12 times as required by that section.

13 (b) RESIDENT CLASS.—The resident assessment  
 14 shall be used to determine the resident class of each resi-  
 15 dent in the nursing facility for purposes of determining  
 16 the per diem rate for the nursing service cost center in  
 17 accordance with section 208 of this title.

18 **SEC. 208. THE PER DIEM RATE FOR NURSING SERVICE**  
 19 **COSTS.**

20 (a) IN GENERAL.—

21 (1) NURSING SERVICE COST CENTER RATE.—  
 22 The Secretary shall calculate the nursing service  
 23 cost center rate using a prospective, facility-specific  
 24 per diem rate based on the nursing facility's case-

1 mix weight and nursing service costs during the base  
2 year.

3 (2) CASE-MIX WEIGHT.—For purposes of para-  
4 graph (1), the case-mix weight of a nursing facility  
5 shall be obtained by multiplying the number of resi-  
6 dent days in each resident class at a nursing facility  
7 during the base year by the relative weight assigned  
8 to each resident class in the appropriate geographic  
9 region. Once this calculation is performed for each  
10 resident class in the nursing facility, the sum of  
11 these products shall constitute the case-mix weight  
12 for the nursing facility.

13 (3) FACILITY NURSING UNIT VALUE.—A facility  
14 nursing unit value for the nursing facility for the  
15 base year shall be obtained by dividing the nursing  
16 service costs for the base year, which shall be in-  
17 dexed forward from the midpoint of the base period  
18 to the midpoint of the rate period using the DRI  
19 McGraw-Hill HCFA Nursing Home Without Capital  
20 Market Basket, by the case-mix weight of the nurs-  
21 ing facility for the base year.

22 (4) FACILITY-SPECIFIC NURSING SERVICES  
23 PRICE.—A facility-specific nursing services price for  
24 each resident class shall be obtained by multiplying  
25 the lower of the indexed facility unit value of the

1 nursing facility during the base year or the geo-  
2 graphic ceiling, as determined in accordance with  
3 subsection (b), by the relative weight of the resident  
4 class.

5 (5) PATIENT CLASSIFICATIONS.—For patient  
6 classifications associated with the use of complex  
7 medical equipment and other specialized, noncus-  
8 tomary equipment (particularly subacute classifica-  
9 tions), the Secretary shall provide for a daily allow-  
10 ance for such equipment based upon the amortized  
11 value of such equipment over the life of the equip-  
12 ment.

13 (6) SELECTED RESIDENT CLASSIFICATIONS.—  
14 For selected resident classifications (particularly  
15 subacute classifications) requiring additional or spe-  
16 cialized medical administrative staff, the Secretary  
17 shall provide for a daily allowance to cover these  
18 costs.

19 (7) DESIGNATION OF CERTAIN RESIDENT  
20 CLASSES.—The Secretary shall designate certain  
21 resident classes, such as subacute resident classes,  
22 as requiring heavy care. An acuity payment of 3 per-  
23 cent of the facility-specific nursing services price  
24 shall be added to the facility-specific price for each

1 resident that the Secretary has designated as requir-  
2 ing heavy care.

3 (8) PER DIEM RATE.—The per diem rate for  
4 the nursing service cost center for each resident in  
5 a resident class shall constitute the facility-specific  
6 price, plus the acuity payment where appropriate.

7 (9) PER DIEM RATE REBASED ANNUALLY.—  
8 The Secretary shall annually rebate the per diem  
9 rate for the nursing service cost center, including the  
10 facility-specific price and the acuity payment.

11 (10) PAYMENT.—To determine the payment  
12 amount to a nursing facility for the nursing service  
13 cost center, the Secretary shall multiply the per  
14 diem rate (including the acuity payment) for a resi-  
15 dent class by the number of resident days for each  
16 resident class based on aggregated resident invoices  
17 which each nursing facility shall submit on a month-  
18 ly basis.

19 (b) GEOGRAPHIC CEILING.—

20 (1) FACILITY UNIT VALUE.—The facility unit  
21 value identified in subsection (a)(3) shall be sub-  
22 jected to geographic ceilings established for the geo-  
23 graphic regions designated by the Secretary in sec-  
24 tion 205 of this title.

25 (2) DETERMINATION.—

1 (A) IN GENERAL.—The Secretary shall de-  
2 termine the geographic ceiling by creating an  
3 array of indexed facility unit values in a geo-  
4 graphic region from lowest to highest. Based on  
5 this array, the Secretary shall identify a fixed  
6 proportion between the indexed facility unit  
7 value of the nursing facility which contained the  
8 medianth resident day in the array (except as  
9 provided in subsection (b)(4) of this section)  
10 and the indexed facility unit value of the nurs-  
11 ing facility which contained the 95th percentile  
12 resident day in that array during the first year  
13 of operation of the Prospective Payment System  
14 for nursing facilities. The fixed proportion shall  
15 remain the same in subsequent years.

16 (B) SUBSEQUENT YEARS.—To obtain the  
17 geographic ceiling on the indexed facility unit  
18 value for nursing facilities in a geographic re-  
19 gion in each subsequent year, the fixed propor-  
20 tion identified pursuant to subparagraph (A)  
21 shall be multiplied by the indexed facility unit  
22 value of the nursing facility which contained the  
23 medianth resident day in the array of facility  
24 unit values for the geographic region during the  
25 base year.

1           (3) EXCLUSIONS FROM DETERMINATION.—For  
2       purposes of determining the geographic ceiling for a  
3       nursing service cost center, the Secretary shall ex-  
4       clude low volume and new nursing facilities (as de-  
5       fined in section 214 of this title).

6       (c) EXCEPTIONS TO GEOGRAPHIC CEILING.—The  
7       Secretary shall establish by regulation procedures for al-  
8       lowing exceptions to the geographic ceiling imposed on a  
9       nursing service cost center. The procedure shall permit ex-  
10      ceptions based on the following factors:

11           (1) Local supply or labor shortages which sub-  
12      stantially increase costs to specific nursing facilities.

13           (2) Higher per resident day usage of contract  
14      nursing personnel, if utilization of contract nursing  
15      personnel is warranted by local circumstances and  
16      the provider has taken all reasonable measures to  
17      minimize contract personnel expense.

18           (3) Extraordinarily low proportion of distinct  
19      part nursing facilities in a geographic region result-  
20      ing in a geographic ceiling that unfairly restricts the  
21      reimbursement of distinct part facilities.

22           (4) Regulatory changes that increase costs to  
23      only a subset of the nursing facility industry.

1           (5) The offering of a new institutional health  
2           service or treatment program by a nursing facility  
3           (in order to account for initial startup costs).

4           (6) Disproportionate usage of part-time employ-  
5           ees, where adequate numbers of full-time employees  
6           cannot reasonably be obtained.

7           (7) Other cost producing factors specified by  
8           the Secretary in regulations that are specific to a  
9           subset of facilities in a geographic region (except  
10          case-mix variation).

11 **SEC. 209. THE PER DIEM RATE FOR ADMINISTRATIVE AND**  
12 **GENERAL COSTS.**

13          (a) IN GENERAL.—

14           (1) PAYMENT.—The Secretary shall make pay-  
15           ments for the administrative and general cost center  
16           by using a facility-specific, prospective, per diem  
17           rate.

18           (2) STANDARDS FOR PER DIEM RATE.—The  
19           Secretary shall assign a per diem rate to a nursing  
20           facility by applying 2 standards that is calculated as  
21           follows:

22           (A) STANDARD A.—The Secretary shall de-  
23           termine a Standard A for each geographic re-  
24           gion by creating an array of indexed nursing fa-  
25           cility administrative and general per diem costs

1 from lowest to highest. The Secretary shall then  
2 identify a fixed proportion by dividing the in-  
3 dexed administrative and general per diem costs  
4 of the nursing facility that contains the  
5 medianth resident day of the array (except as  
6 provided in subsection (a)(4)) into the indexed  
7 administrative and general per diem costs of  
8 the nursing facility that contains the 75th per-  
9 centile resident day in that array. Standard A  
10 for each base year shall constitute the product  
11 of this fixed proportion and the administrative  
12 and general indexed per diem costs of the nurs-  
13 ing facility that contains the medianth resident  
14 day in the array of such costs during the base  
15 year.

16 (B) STANDARD B.—The Secretary shall  
17 determine a Standard B for each geographic re-  
18 gion by using the same calculation as in sub-  
19 paragraph (A) except that the fixed proportion  
20 shall use the indexed administrative and general  
21 costs of the nursing facility containing the 85th  
22 percentile, rather than the 75th percentile, resi-  
23 dent day in the array of such costs.

24 (3) GEOGRAPHIC REGIONS.—The Secretary  
25 shall use the geographic regions identified in section

1       205(c) of this title for purposes of determining  
2       Standards A and B.

3           (4) EXCLUSION.—The Secretary shall exclude  
4       low volume and new nursing facilities (as defined in  
5       section 214 of this title) for purposes of determining  
6       Standard A and Standard B.

7           (5) PER DIEM RATE.—To determine a nursing  
8       facility's per diem rate for the administrative and  
9       general cost center, Standards A and B shall be ap-  
10      plied to a nursing facility's administrative and gen-  
11      eral per diem costs, indexed forward using the DRI  
12      McGraw-Hill HCFA Nursing Home Without Capital  
13      Market Basket, as follows:

14           (A) Each nursing facility having indexed  
15      costs which are below the median shall be as-  
16      signed a rate equal to their individual indexed  
17      costs plus an “efficiency incentive” equal to  $\frac{1}{2}$   
18      of the difference between the median and  
19      Standard A.

20           (B) Each nursing facility having indexed  
21      costs which are below Standard A but are equal  
22      to or exceed the median shall be assigned a per  
23      diem rate equal to their individual indexed costs  
24      plus an “efficiency incentive” equal to  $\frac{1}{2}$  of the

1 difference between the nursing facility's indexed  
2 costs and Standard A.

3 (C) Each nursing facility having indexed  
4 costs which are between Standard A and Stand-  
5 ard B shall be assigned a rate equal to Stand-  
6 ard A plus  $\frac{1}{2}$  of the difference between the  
7 nursing facility's indexed costs and Standard A.

8 (D) Each nursing facility having indexed  
9 costs which exceed Standard B shall be as-  
10 signed a rate as if their costs equaled Standard  
11 B. These nursing facilities shall be assigned a  
12 per diem rate equal to Standard A plus  $\frac{1}{2}$  of  
13 the difference between Standard A and Stand-  
14 ard B.

15 (E) For purposes of subparagraphs (A)  
16 through (D), the median represents the indexed  
17 administrative and general per diem costs of a  
18 nursing facility that contains the medianth resi-  
19 dent day in the array of such costs during the  
20 base year in the geographic region.

21 (b) REBASING.—Not less than annually, the Sec-  
22 retary shall rebase the payment rates for administrative  
23 and general costs.

1 **SEC. 210. PAYMENT FOR FEE-FOR-SERVICE ANCILLARY**  
2 **SERVICES.**

3 (a) IN GENERAL.—The Secretary shall make pay-  
4 ments for the ancillary services described in section  
5 206(a)(3) on a prospective fee-for-service basis.

6 (b) PAYMENT METHODOLOGY.—The Secretary shall  
7 identify the fee for each of the fee-for-service ancillary  
8 services for a particular nursing facility by dividing the  
9 nursing facility's reasonable costs, including overhead allo-  
10 cated through the cost finding process, of providing each  
11 particular service, indexed forward using the DRI  
12 McGraw-Hill HCFA Nursing Home Without Capital Mar-  
13 ket Basket, by the units of the particular service provided  
14 by the nursing facility during the cost year.

15 (c) COMPUTATION PERIOD.—The fee for each of the  
16 fee-for-service ancillary services shall be calculated by the  
17 Secretary under this title at least once a year for each  
18 facility and ancillary service.

19 **SEC. 211. REIMBURSEMENT OF SELECTED ANCILLARY**  
20 **SERVICES AND OTHER COSTS.**

21 (a) IN GENERAL.—Reimbursement of selected ancil-  
22 lary services and other costs identified in section 206(a)(4)  
23 of this title shall be reimbursed by the Secretary on a ret-  
24 rospective basis as pass-through costs, including overhead  
25 allocated through the cost-finding process.

1 (b) CHARGE-BASED INTERIM RATES.—The Sec-  
 2 retary shall set charge-based interim rates for selected an-  
 3 cillary services and other costs for each nursing facility  
 4 providing such services. Any overpayments or underpay-  
 5 ments resulting from the difference between the interim  
 6 and final settlement rates shall be either refunded by the  
 7 nursing facility or paid to the nursing facility following  
 8 submission of a timely filed medicare cost report.

9 **SEC. 212. PER DIEM PAYMENT FOR PROPERTY COSTS.**

10 (a) IN GENERAL.—The Secretary shall make a per  
 11 diem payment for property costs based on a gross rental  
 12 system. The amount of the payment shall be determined  
 13 as follows:

14 (1) BUILDING AND FIXED EQUIPMENT  
 15 VALUE.—In the case of a new facility in any geo-  
 16 graphic region, the cost for building and fixed equip-  
 17 ment used in determining the gross rental shall be  
 18 equivalent to the median cost of home construction  
 19 in the region (as measured by RS Means). Such cost  
 20 shall then be multiplied by the factor 1.2 to account  
 21 for land and the value of movable equipment. The  
 22 resulting value shall be indexed each year using the  
 23 RS Means Construction Cost Index.

24 (2) AGE.—

1           (A) IN GENERAL.—The gross rental sys-  
2           tem establishes a facility's value based on its  
3           age. The older the facility, the less its value.  
4           Additions, replacements, and renovations shall  
5           be recognized by lowering the age of the facility  
6           and, thus, increasing the facility's value. Exist-  
7           ing facilities, 1 year or older, shall be valued at  
8           the new bed value less 2 percent per year ac-  
9           cording to the "age" of the facility. Facilities  
10          shall not be depreciated to an amount less than  
11          50 percent of the new construction bed value.

12          (B) ADDITION OF BEDS.—The addition of  
13          beds shall require a computation by the Sec-  
14          retary of the weighted average age of the facil-  
15          ity based on the construction dates of the origi-  
16          nal facility and the additions.

17          (C) REPLACEMENT OF BEDS.—The re-  
18          placement of existing beds shall result in an ad-  
19          justment to the age of the facility. A weighted  
20          average age shall be calculated by the Secretary  
21          according to the year of initial construction and  
22          the year of bed replacement. If a facility has a  
23          series of additions or replacements, the Sec-  
24          retary shall assume that the oldest beds are the

ones being replaced when computing the average facility age.

(D) RENOVATIONS OR MAJOR IMPROVEMENTS.—Renovations or major improvements shall be calculated by the Secretary as a bed replacement, except that the value of the bed prior to renovation shall be taken into consideration. To qualify as a bed replacement, the bed being renovated must be at least 10 years old and the renovation or improvements cost must be equal to or greater than the difference between the existing bed value and the value of a new bed. To determine the new adjusted facility age, the number of renovated beds assigned a “new” age is determined by dividing the total cost of renovation by the difference between the existing bed value and the value of the new bed.

(E) STARTUP OF GROSS RENTAL SYSTEM.—To start up the fair rental system, each facility’s bed values shall be determined by the Secretary based on the age of the facility. The determination shall include setting a value for the original beds with adjustments for any additions, bed replacements, and major renovations. For determination of bed values for use in de-

1           termining the initial rate, the procedures de-  
2           scribed above for determining the values of  
3           original beds, additions, and replacements shall  
4           be used.

5           (3) TOTAL CURRENT VALUE.—The Secretary  
6           shall multiply the per bed value by the number of  
7           beds in the facility to estimate the facility's total  
8           current value.

9           (4) RENTAL FACTOR.—The Secretary shall  
10          apply a rental factor to the facility's total current  
11          value to estimate its annual gross rental value. The  
12          Secretary shall determine the rental factor by using  
13          the Treasury Bond Composite Yield (greater than  
14          10 years) as published in the Federal Reserve Bul-  
15          letin plus a risk premium. A risk premium in the  
16          amount of 3 percentage points shall be added to the  
17          Treasury Yield. The rental factor is multiplied by  
18          the facility's total value, as determined in paragraph  
19          (3), to determine the annual gross rental value.

20          (5) PER DIEM PROPERTY PAYMENT.—The an-  
21          nual gross rental value shall be divided by the Sec-  
22          retary by 90 percent of the facility's annual licensed  
23          bed days during the cost report period to arrive at  
24          the per diem property payment.

1           (6) PER RESIDENT DAY RENTAL RATE.—The  
 2           per resident day rental rate for a newly constructed  
 3           facility during its first year of operation shall be  
 4           based on the total annual rental divided by the  
 5           greater of 50 percent of available resident days or  
 6           actual annualized resident days up to 90 percent of  
 7           annual licensed bed days during the first year of op-  
 8           eration.

9           (b) Facilities in operation prior to the effective date  
 10          of this Act shall receive the per resident day rental or ac-  
 11          tual costs, as determined in accordance with HCFA-Pub.  
 12          15, whichever is greater, except that a nursing facility  
 13          shall be reimbursed the per resident day rental on and  
 14          after the earliest of the following dates:

15               (1) the date upon which the nursing facility  
 16               changes ownership;

17               (2) the date the nursing facility accepts the per  
 18               resident day rental; or

19               (3) the date of the renegotiation of the lease for  
 20               the land or buildings, not including the exercise of  
 21               optional extensions specifically included in the origi-  
 22               nal lease agreement or valid extensions thereof.

23 **SEC. 213. MID-YEAR RATE ADJUSTMENTS.**

24           (a) MID-YEAR ADJUSTMENTS.—The Secretary shall  
 25          establish by regulation a procedure for granting mid-year

1 rate adjustments for the nursing service, administrative  
2 and general, and fee-for-service ancillary services cost cen-  
3 ters.

4 (b) INDUSTRY-WIDE BASIS.—The mid-year rate ad-  
5 justment procedure shall require the Secretary to grant  
6 adjustments on an industry-wide basis, without the need  
7 for nursing facilities to apply for such adjustments, based  
8 on the following circumstances:

9 (1) Statutory or regulatory changes affecting  
10 nursing facilities.

11 (2) Changes to the Federal minimum wage.

12 (3) General labor shortages with high regional  
13 wage impacts.

14 (c) APPLICATION FOR ADJUSTMENT.—The mid-year  
15 rate adjustment procedure shall permit specific facilities  
16 or groups of facilities to apply to the Secretary for an ad-  
17 justment based on the following factors:

18 (1) Local labor shortages.

19 (2) Regulatory changes that apply to only a  
20 subset of the nursing facility industry.

21 (3) Economic conditions created by natural dis-  
22 asters or other events outside of the control of the  
23 provider.

1           (4) Other cost producing factors, except case-  
 2       mix variation, to be specified by the Secretary in  
 3       regulations.

4       (d) REQUIREMENTS FOR APPLICATION FOR ADJUST-  
 5       MENT.—

6           (1) IN GENERAL.—A nursing facility which ap-  
 7       plies for a mid-year rate adjustment pursuant to this  
 8       section shall be required to show that the adjust-  
 9       ment will result in a greater than 2 percent devi-  
 10      ation in the per diem rate for any individual cost  
 11      service center or a deviation of greater than \$5,000  
 12      in the total projected and indexed costs for the rate  
 13      year, whichever is less.

14          (2) COST EXPERIENCE DATA.—A nursing facil-  
 15      ity application for a mid-year rate adjustment must  
 16      be accompanied by recent cost experience data and  
 17      budget projections.

18   **SEC. 214. EXCEPTION TO PAYMENT METHODS FOR NEW**  
 19                           **AND LOW VOLUME NURSING FACILITIES.**

20          (a) DEFINITION OF LOW VOLUME NURSING FACIL-  
 21      ITY.—In this title, the term “low volume nursing facility”  
 22      means a nursing facility having fewer than 2,500 medicare  
 23      part A resident days per year.

24          (b) DEFINITION OF NEW NURSING FACILITY.—In  
 25      this title, the term “new nursing facility” means a newly

1 constructed, licensed, and certified nursing facility or a  
 2 nursing facility that is in its first 3 years of operation as  
 3 a provider of services under part A of the medicare pro-  
 4 gram under title XVIII of the Social Security Act (42  
 5 U.S.C. 1395 et seq.). A nursing facility that has operated  
 6 for more than 3 years but has a change of ownership shall  
 7 not constitute a new facility.

8 (c) OPTION FOR LOW VOLUME NURSING FACILI-  
 9 TIES.—A Low volume nursing facility shall have the op-  
 10 tion of submitting a cost report to the Secretary to receive  
 11 retrospective payment for all of the cost centers, other  
 12 than the property cost center, or accepting a per diem rate  
 13 which shall be based on the sum of—

14 (1) the median indexed resident day facility  
 15 unit value for the appropriate geographic region for  
 16 the nursing service cost center during the base year  
 17 as identified in section 208(b)(2) of this title;

18 (2) the median indexed resident day administra-  
 19 tive and general per diem costs of all nursing facili-  
 20 ties in the appropriate geographic region as identi-  
 21 fied in section 209(a)(5)(E) of this title;

22 (3) the median indexed resident day costs per  
 23 unit of service for fee-for-service ancillary services  
 24 obtained using the cost information from the nurs-  
 25 ing facilities in the appropriate geographic region

1 during the base year, excluding low volume and new  
 2 nursing facilities, and based on an array of such  
 3 costs from lowest to highest; and

4 (4) the median indexed resident day per diem  
 5 costs for selected ancillary services and other costs  
 6 obtained using information from the nursing facili-  
 7 ties in the appropriate geographic region during the  
 8 base year, excluding low volume and new nursing fa-  
 9 cilities, and based on an array of such costs from  
 10 lowest to highest.

11 (d) OPTION FOR NEW NURSING FACILITIES.—New  
 12 nursing facilities shall have the option of being paid by  
 13 the Secretary on a retrospective cost pass-through basis  
 14 for all costs centers, or in accordance with subsection (c).

15 **SEC. 215. APPEAL PROCEDURES.**

16 (a) IN GENERAL.—

17 (1) APPEAL.—Any person or legal entity ag-

 21 such decision directly to the Provider Reimburse-

7           under section 1878 of the Social Security Act (42 U.S.C.  
8           1395oo) and the regulations contained in (42 C.F.R.  
9           405.1841–1889), except to the extent that they conflict  
10          with, or are inapplicable on account of, any other provision  
11          of this title.

12   **SEC. 216. TRANSITION PERIOD.**

19               under this title and 75 percent will remain based  
20               upon reasonable cost reimbursement.

21               (2) For the second year that the provisions of  
22               this title are in effect, 50 percent of the payment  
23               rates will be based on the Prospective Payment Sys-

25               sonable cost reimbursement.

1           (3) For the third year that the provisions of

 5           sonable cost reimbursement.

6           (4) For the fourth year that the provisions of  
 7           this title are in effect and for all subsequent years,  
 8           the payment rates will be based solely on the Pro-  
 9           spective Payment System under this title.

18          “(a)(1)(A) The Secretary shall annually determine,

21          the calendar year concerned—

22               “(i) a per capita rate of payment for individuals

24          organization which has entered into a risk-sharing

1 contract and who are entitled to benefits under part

25 actuarial equivalence.

1       “(ii) The Secretary shall reduce the annual per capita

3 the Secretary for a year, subject to adjustment under sub-  
4 paragraph (G)(v)) so that the total reduction is estimated  
5 to equal the amount to be paid under subparagraph (G).

6       “(C) In the case of an eligible organization with a  
7 risk-sharing contract, the Secretary shall make monthly  
8 payments in advance and in accordance with the rate de-  
9 termined under subparagraph (B) and except as provided  
10 in subsection (g)(2), to the organization for each individ-  
11 ual enrolled with the organization under this section.

12       “(D) The Secretary shall establish a separate rate of  
13 payment to an eligible organization with respect to any  
14 individual determined to have end-stage renal disease and  
15 enrolled with the organization. Such rate of payment shall  
16 be actuarially equivalent to rates paid to other enrollees  
17 in the payment area (or such other area as specified by  
18 the Secretary).

19       “(E)(i) The amount of payment under this paragraph  
20 may be retroactively adjusted to take into account any dif-  
21 ference between the actual number of individuals enrolled  
22 in the plan under this section and the number of such  
23 individuals estimated to be so enrolled in determining the  
24 amount of the advance payment.

1       “(ii)(I) Subject to subclause (II), the Secretary may  
2     make retroactive adjustments under clause (i) to take into  
3     account individuals enrolled during the period beginning  
4     on the date on that the individual enrolls with an eligible  
5     organization (that has a risk-sharing contract under this  
6     section) under a health benefit plan operated, sponsored,  
7     or contributed to by the individual’s employer or former  
8     employer (or the employer or former employer of the indi-  
9     vidual’s spouse) and ending on the date on which the indi-  
10    vidual is enrolled in the plan under this section, except  
11    that for purposes of making such retroactive adjustments  
12    under this clause, such period may not exceed 90 days.

13       “(II) No adjustment may be made under subclause  
14    (I) with respect to any individual who does not certify that  
15    the organization provided the individual with the expla-  
16    nation described in subsection (c)(3)(E) at the time the  
17    individual enrolled with the organization.

18       “(F)(i) At least 45 days before making the announce-  
19    ment under subparagraph (A) for a year, the Secretary  
20    shall provide for notice to eligible organizations of pro-  
21    posed changes to be made in the methodology or benefit  
22    coverage assumptions from the methodology and assump-  
23    tions used in the previous announcement and shall provide  
24    such organizations an opportunity to comment on such  
25    proposed changes.

1       “(ii) In each announcement made under subpara-  
 2 graph (A), the Secretary shall include an explanation of  
 3 the assumptions (including any benefit coverage assump-  
 4 tions) and changes in methodology used in the announce-  
 5 ment in sufficient detail so that eligible organizations can  
 6 compute per capita rates of payment for individuals lo-  
 7 cated in each county (or equivalent medicare payment  
 8 area) which is in whole or in part within the service area  
 9 of such an organization.

10       “(2) With respect to any eligible organization that  
 11 has entered into a reasonable cost reimbursement con-  
 12 tract, payments shall be made to such plan in accordance  
 13 with subsection (h)(2) rather than paragraph (1).

14       “(3) Subject to subsection (c) (2)(B)(ii) and (7), pay-  
 15 ments under a contract to an eligible organization under  
 16 paragraph (1) or (2) shall be instead of the amounts that  
 17 (in the absence of the contract) would be otherwise pay-  
 18 able, pursuant to sections 1814(b) and 1833(a), for serv-  
 19 ices furnished by or through the organization to individ-  
 20 uals enrolled with the organization under this section.

21       “(4)(A) For purposes of this section, the ‘adjusted  
 22 average per capita cost’ for a medicare payment area (as  
 23 defined in paragraph (5)) is equal to the greatest of the  
 24 following:

25               “(i) The sum of—

1           “(I) the area-specific percentage for the  
 2           year (as specified under subparagraph (B) for  
 3           the year) of the area-specific adjusted average  
 4           per capita cost for the year for the medicare  
 5           payment area, as determined under subpara-  
 6           graph (C), and

7           “(II) the national percentage (as specified  
 8           under subparagraph (B) for the year) of the  
 9           input-price-adjusted national adjusted average  
 10          per capita cost for the year, as determined  
 11          under subparagraph (D),

12          multiplied by a budget neutrality adjustment factor  
 13          determined under subparagraph (E).

14          “(ii) An amount equal to—

15               “(I) in the case of 1998, 85 percent of the  
 16               average annual per capita cost under parts A  
 17               and B of this title for 1997;

18               “(II) in the case of 1999, 85 percent of the  
 19               average annual per capita cost under parts A  
 20               and B of this title for 1998; and

21               “(III) in the case of a succeeding year, the  
 22               amount specified in this clause for the preced-  
 23               ing year increased by the national average per  
 24               capita growth percentage specified under sub-  
 25               paragraph (F) for that succeeding year.

1 “(B) For purposes of subparagraph (A)(i)—

2 “(i) for 1998, the ‘area-specific percentage’ is  
3 75 percent and the ‘national percentage’ is 25 per-  
4 cent,

5 “(ii) for 1999, the ‘area-specific percentage’ is  
6 60 percent and the ‘national percentage’ is 40 per-  
7 cent,

8 “(iii) for 2000, the ‘area-specific percentage’ is  
9 40 percent and the ‘national percentage’ is 60 per-  
10 cent,

11 “(iv) for 2001, the ‘area-specific percentage’ is  
12 25 percent and the ‘national percentage’ is 75 per-  
13 cent, and

14 “(v) for 2002 and each subsequent year, the  
15 ‘area-specific percentage’ is 10 percent and the ‘na-  
16 tional percentage’ is 90 percent.

17 “(C) For purposes of subparagraph (A)(i), the area-  
18 specific adjusted average per capita cost for a medicare  
19 payment area—

20 “(i) for 1998, is the annual per capita rate of  
21 payment for 1997 for the medicare payment area  
22 (determined under this subsection, as in effect the  
23 day before the date of enactment of the Long-Term  
24 Care Reform and Deficit Reduction Act of 1997),  
25 increased by the national average per capita growth

1 percentage for 1998 (as defined in subparagraph  
2 (F)); or

3 “(ii) for a subsequent year, is the area-specific  
4 adjusted average per capita cost for the previous  
5 year determined under this subparagraph for the  
6 medicare payment area, increased by the national  
7 average per capita growth percentage for such sub-  
8 sequent year.

9 “(D)(i) For purposes of subparagraph (A)(i), the  
10 input-price-adjusted national adjusted average per capita  
11 cost for a medicare payment area for a year is equal to  
12 the sum, for all the types of medicare services (as classi-  
13 fied by the Secretary), of the product (for each such type  
14 of service) of—

15 “(I) the national standardized adjusted average  
16 per capita cost (determined under clause (ii)) for the  
17 year,

18 “(II) the proportion of such rate for the year  
19 which is attributable to such type of services, and

20 “(III) an index that reflects (for that year and  
21 that type of services) the relative input price of such  
22 services in the area compared to the national aver-  
23 age input price of such services.

24 In applying subclause (III), the Secretary shall, subject  
25 to clause (iii), apply those indices under this title that are

1 used in applying (or updating) national payment rates for  
 2 specific areas and localities.

3 “(ii) In clause (i)(I), the ‘national standardized ad-  
 4 justed average per capita cost’ for a year is equal to—

5 “(I) the sum (for all medicare payment areas)  
 6 of the product of (aa) the area-specific adjusted av-  
 7 erage per capita cost for that year for the area  
 8 under subparagraph (C), and (bb) the average num-  
 9 ber of medicare beneficiaries residing in that area in  
 10 the year; divided by

11 “(II) the total average number of medicare  
 12 beneficiaries residing in all the medicare payment  
 13 areas for that year.

14 “(iii) In applying this subparagraph for 1998—

15 “(I) medicare services shall be divided into 2  
 16 types of services: part A services and part B serv-  
 17 ices;

18 “(II) the proportions described in clause (i)(II)  
 19 for such types of services shall be—

20 “(aa) for part A services, the ratio (ex-  
 21 pressed as a percentage) of the average annual  
 22 per capita rate of payment for the area for part  
 23 A for 1997 to the total average annual per cap-  
 24 ita rate of payment for the area for parts A and  
 25 B for 1997, and

1 “(bb) for part B services, 100 percent  
2 minus the ratio described in item (aa);

3 “(III) for part A services, 70 percent of pay-  
4 ments attributable to such services shall be adjusted  
5 by the index used under section 1886(d)(3)(E) to  
6 adjust payment rates for relative hospital wage levels  
7 for hospitals located in the payment area involved;

8 “(IV) for part B services—

9 “(aa) 66 percent of payments attributable  
10 to such services shall be adjusted by the index  
11 of the geographic area factors under section  
12 1848(e) used to adjust payment rates for physi-  
13 cians’ services furnished in the payment area,  
14 and

15 “(bb) of the remaining 34 percent of the  
16 amount of such payments, 70 percent shall be  
17 adjusted by the index described in subclause  
18 (III); and

19 “(V) the index values shall be computed based  
20 only on the beneficiary population who are 65 years  
21 of age or older and are not determined to have end-  
22 stage renal disease.

23 The Secretary may continue to apply the rules described  
24 in this clause (or similar rules) for 1999.

1       “(E) For each year, the Secretary shall compute a  
2 budget neutrality adjustment factor so that the aggregate  
3 of the payments under this section shall not exceed the  
4 aggregate payments that would have been made under this  
5 section if the area-specific percentage for the year had  
6 been 100 percent and the national percentage had been  
7 0 percent.

8       “(F) In this section, the ‘national average per capita  
9 growth percentage’ for a year is equal to the Secretary’s  
10 estimate (after consultation with the Secretary of the  
11 Treasury) of the 3-year average (ending with the year in-  
12 volved) of the annual rate of growth in the national aver-  
13 age wage index (as defined in section 209(k)(1)) for each  
14 year in the period.

15       “(5)(A) In this section the term ‘medicare payment  
16 area’ means a county, or equivalent area specified by the  
17 Secretary.

18       “(B) In the case of individuals who are determined  
19 to have end-stage renal disease, the medicare payment  
20 area shall be each State.

21       “(6) The payment to an eligible organization under  
22 this section for individuals enrolled under this section with  
23 the organization and entitled to benefits under part A and  
24 enrolled under part B shall be made from the Federal  
25 Hospital Insurance Trust Fund and the Federal Supple-

1   mentary Medical Insurance Trust Fund. The portion of  
2   that payment to the organization for a month to be paid  
3   by each trust fund shall be determined as follows:

4           “(A) In regard to expenditures by eligible orga-  
5           nizations having risk-sharing contracts, the alloca-  
6           tion shall be determined each year by the Secretary  
7           based on the relative weight that benefits from each  
8           fund contribute to the adjusted average per capita  
9           cost.

10          “(B) In regard to expenditures by eligible orga-  
11          nizations operating under a reasonable cost reim-  
12          bursement contract, the initial allocation shall be  
13          based on the plan’s most recent budget, such alloca-  
14          tion to be adjusted, as needed, after cost settlement  
15          to reflect the distribution of actual expenditures.

16   The remainder of that payment shall be paid by the  
17   former trust fund.

18          “(7) Subject to paragraphs (2)(B)(ii) and (7) of sub-  
19   section (c), if an individual is enrolled under this section  
20   with an eligible organization having a risk-sharing con-  
21   tract, only the eligible organization shall be entitled to re-  
22   ceive payments from the Secretary under this title for  
23   services furnished to the individual.”.
